XL electric blanket with 4 heat settings - Beige/brown

Relaxing on the couch, but still cold shoulders? With the Inventum HB186B electric wrap blanket, you simply wrap the warmth around you. It is extra large, so you can wrap it around your shoulders, lay it over your legs, or use it as a throw on the bed. The super soft faux fur on the top and fleece on the bottom feel pleasant right away. This way you stay cozy without turning up the... read more on the website
