Fridge-freezer with 315 litres and No-Frost

Groceries for a whole week, a full freezer and still everything in its place: that is possible with the Inventum KV1841B. This fridge-freezer has 205 litres of fridge space and 110 litres of freezer space, together good for 315 litres. Defrosting is not necessary, because the freezer section works with No-Frost. At 35 decibels it makes little noise. Handy in an open kitchen, because... read more on the website
